Fanpage Dollars – Prequel (Imran Naseem)

Hello and welcome to a special prequel special for Fanpage Dollars (my next product).

Now before I get into this report I firstly want to thank each and everyone of you for having faith in my products.

If you read my Facebook Arbitrage report which shows you how to make money from Facebook then you are in for a treat. You see Facebook Arbitrage had a missing link and that missing link was the concept of making money from Fanpages.

I am sure you might have come across endless products and reports on how to make money from Fanpages but has someone shown you step-by-step on how to actually make money and what kind of offers to promote?

That is about to change and this is why it gives me great pleasure to bring you Fanpage Dollars (which is coming soon).

Now I wanted to pick out a powerful strategy and share with you on how you can tap into profitable niches using the power of Fanpages.

In this report I share with you some of my powerful secrets that enable me to **dominate any niche** and cash in with CPA and Clickbank. I will walk you the process (step-by-step) on how I carry out keyword research and easily beat the competition on Facebook.

I hope you enjoy this prequel and if you have any questions then please do not hesitate to ask me on the Official Fanpage Dollars fanpage – which can be found at <http://www.facebook.com/pages/Fanpage-Dollars-Questions-And-Answers/147432271936097?v=wall>

As you can see there are just over 21 Fanpages devoted to this keyword. The one thing to note is that these Fanpages have low number of fans. The reason for this is simple – these guys are setting up a fanpage with this keyword and are simply thinking it would be easy to lots of fans in a short space of time.

If we type the keyword “how to get your ex back” on Google we can see that there are millions and millions of results.

And yet here is one place where you can dominate this market with the right fanpage.

In fact the keyword “how to get your ex back” generates thousands and thousands of searches a month.

Now the fact that there is low competition on Google for this keyword is excellent news. That means we can easily create a fanpage for this keyword.

In fact there is virtually no fanpage for the keywords “how to stop blushing” or “I want to stop blushing!”

So the beauty of creating a fanpage for this keyword would also help us for our search engine rankings on Google.

Or you could simply purchase a simple keyword rich domain and link it to your fanpage.

Fanpage Dollars – Prequel (Imran Naseem)

Here is another niche that gets a lot of searches – hairstyles.

As you can see if we head over to Google Keyword Selector tool there are lots of different phrases in relation to this niche.

<input type="checkbox"/> [mens hairstyles]			74,000	33,100
<input type="checkbox"/> mens hairstyles			301,000	110,000
<input type="checkbox"/> [hairstyles pictures]			12,100	2,900
<input type="checkbox"/> hairstyles pictures			368,000	40,500
<input type="checkbox"/> [bob hairstyles]			90,500	33,100

<input type="checkbox"/> [short hairstyles]			201,000	40,500

<input type="checkbox"/> [long hairstyles]			135,000	27,100
<input type="checkbox"/> long hairstyles			1,220,000	201,000

So for example, as you can see the keyword “long hairstyles” generates a lot of searches.

The keyword in QUOTES has 135,000 searches and the keyword “long hairstyles” has over 1 million searches.

Now if I head over to Google and type in “long hairstyles” (with quotes) we can see that there are just over 414,000 results.

Now let's head over to Facebook and look at the competition for this keyword and see how many people are trying to tap into this niche.

Fanpage Dollars – Prequel (Imran Naseem)

As you can see there is just ONE fanpage on “Long hairstyles” and this fanpage is linked to a [Squidoo profile landing page](#).

Competition is very low and this is an excellent chance for you to create a fanpage on “Long Hairstyles” and start getting people to “like” this page.

There are tons of “hairstyle” Clickbank products you can use to monetise your fanpage.

There are other keywords you can dominate too. For example “wedding hairstyles” generates a lot of searches and there is hardly any competition for this keyword.

The same goes for the keyword “blonde hairstyles”.

Fanpage Dollars – Prequel (Imran Naseem)

Now Google Keyword Selector tool is excellent when it comes to doing research on a particular niche.

However, there are also other tools you can use to research your niche for your fanpage.

One of my favourite tools is to use the [Google Insights](#) tool to see what is hot right now.

This allows you to filter out and see what is being searched under “products, news, web search and images”.

Now if you are focusing on creating a fanpage you need to focus on “web search and products”.

So for example, if we want to see the most popular searches over the last 30 days for “web search” simply select the appropriate category and click search. In the case of my example I have selected “all categories”.

The screenshot shows the Google Insights interface. On the left, under 'Compare by', 'Search terms' is selected. The 'Search terms' field contains 'All search terms' with a tip: 'Tip: Use the minus sign to exclude terms (wimbledon -tennis);'. Below this is a '+ Add search term' link. On the right, under 'Filter', 'Web Search' is selected for the category, 'Worldwide' for location, 'Last 30 days' for time range, and 'All Categories' for the category filter. Below the filters, the text 'Web Search Interest' and 'Worldwide, Last 30 days' is displayed. A blue bar labeled 'Search terms' is visible. The main content area shows 'Worldwide top searches are unavailable.' and a red-bordered box containing a table of 'Rising searches'.

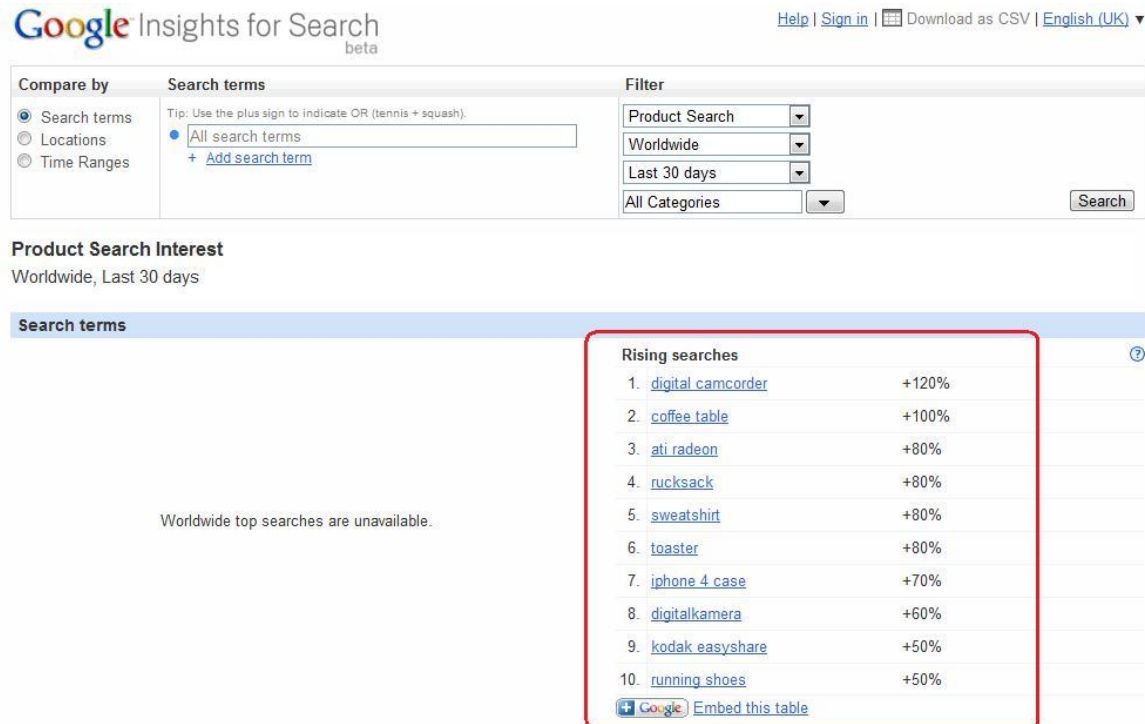

Rising searches	
1. inception	+1,600%
2. tour de france	+850%
3. wikileaks	+400%
4. lindsay lohan	+200%
5. buienradar	+180%
6. enem 2010	+100%
7. osym	+70%
8. last minute	+60%
9. 4399	+50%
10. myspace.com	+50%

Below the table is a '+ Google' icon and a link 'Embed this table'.

Fanpage Dollars – Prequel (Imran Naseem)

As you can see these phrases have been generating a lot of buzz over the last 30 days on the web.

Now let's see the popular phrases for “products” over the last 30 days.

We can see here that the most popular “rising searches” for products is “digital camcorder”. Also notice that the keyword “iphone 4 case” is also listed there as you might have been aware of the recent Iphone 4 antenna problems.

So let's say we wanted to see how many Fanpages there were for the keyword “Iphone 4 case” I simply head over to Facebook search bar and type in “Iphone 4 case”.

Fanpage Dollars – Prequel (Imran Naseem)

The screenshot shows a Facebook search interface with a sidebar on the left and a main results area. The sidebar includes links for 'All results', 'People', 'Pages', 'Groups', 'Applications', 'Events', 'Web results', 'Posts by friends', and 'Posts by everyone'. The 'Pages' link is selected. The main results area has a 'Show: All page types' dropdown. Below this, six search results are displayed, each with a thumbnail image, a title, a description, and a 'Like' button. The results are:

Thumbnail	Name	Type	Likes
	iPhone 4 case	Website	One person likes this.
	I want a free iphone 4 case too.	Products	47 people like this.
	iphone 4 case gallery	Products	2 people like this.
	Put your iPhone 4 in a case!	Technology product/service	3 people like this.
	Get your iphone 4 Cases Limited opportunity to get an iphone 4 case	Local business	7 people like this.
	iPhone 4 Case Programme	Page	9 people like this.

As you can see there is virtually any competition for this keyword. There are only a few Fanpages devoted to this.

If you created a Fanpage today on this keyword you can easily cash in promoting the Iphone 4 case (from Amazon affiliates or a CPA offer).

Another tool I use for my research which has had excellent response is to use the power of [Google Trends](#).

Now at the time of writing here are all the popular “trends” on Google as of now.

Notice I have highlighted the “celebrity” keywords because these are the ones that can generate a lot of searches on Facebook in a short space of time.

For example, here is a [fanpage](#) of mine that has just over

Fanpage Dollars – Prequel (Imran Naseem)

The screenshot shows a Facebook fanpage for 'jill nicolini fanpage'. The page features a cover photo of a woman in a black and white swimsuit. The left sidebar includes an 'Edit Page' button, a 'Promote with an advert' button, and a 'Help grow this fanpage!' button. Below these is an 'Insights' section showing a 'Post Quality' of 0 stars and 8 interactions this week. The 'Most active countries' section lists 'United States' with 7 active users. A red box highlights the '1,219 people like this' section, which displays a grid of profile pictures of people who like the page. The main content area shows a post from 'jill nicolini fanpage' with the text 'Hi all.' and '11 seconds ago'. Below this is a post from 'jill nicolini fanpage' with the text 'Hi everyone.' and '13 May at 00:39'. The post has 13 likes and 39 comments. Below this is a post from 'jill nicolini fanpage' with the text 'How is everyone? Thanks for comments.' and '05 March at 01:44'. The post has 12 likes and 29 comments. Below this is a post from 'Jason Lloyd' with the text 'I'm not even gonna lie, I wouldn't watch the news if you weren't on it' and '07 May at 12:58'. Below this is a post from 'Enzo Pontrelli' with the text 'You're one of a kind Jill bless you' and '02 July at 00:58'. Below this is a post from 'jill nicolini fanpage' with the text 'Hi all. I hope everyone is looking forward to Valentines day.' and '13 February at 22:06'. The post has 10 likes and 22 comments.

Now this celebrity appeared on Google Trends and she was virtually unknown. I created this fanpage for a joke and I did not realise it would virtually grow on virally. People started typing in the name of this person on Facebook search.

So I have highlighted several keywords (above) on Google Trends.

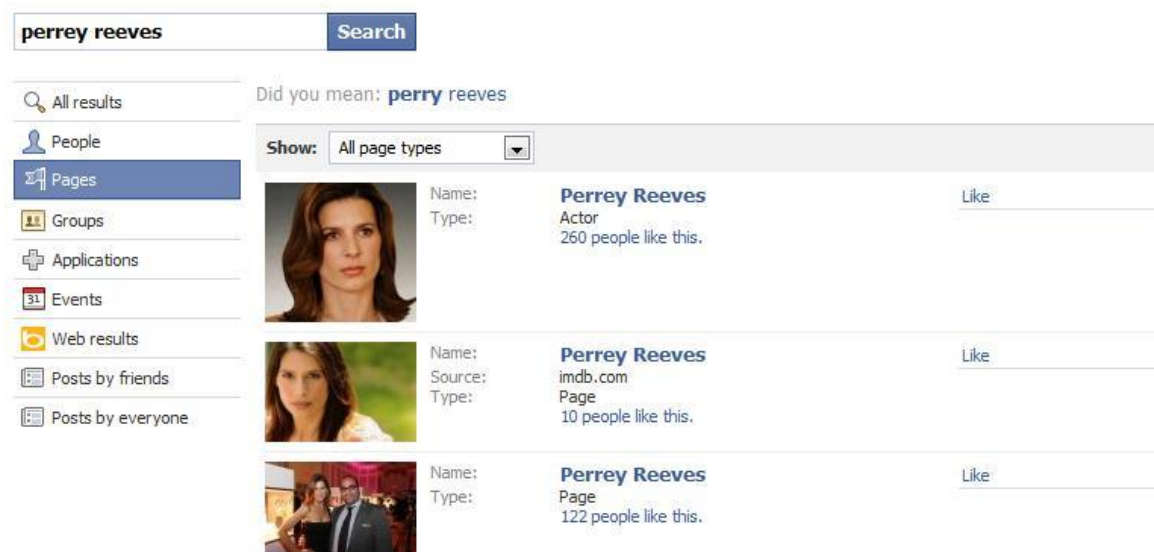

Now let's see how much competition there is for these guys since they are getting a lot of searches.

Fanpage Dollars – Prequel (Imran Naseem)

Perrey Reeves

According to Google Trends a lot of people are typing in Perrey Reeves on the search engines right now.

Now if we head over to Facebook we can see that there are just a few results for this celebrity in terms of Fanpages. So this is good news as it shows that there is minimum competition so far.

Priyanka Alva

This is also a hot search term right now, according to Google Trends.

Now if we head over to Facebook search we can see that there is currently NO competition and no fanpage on this person.

Fanpage Dollars – Prequel (Imran Naseem)

Maria Campbell

This is another high searched term as of now.

We can see that there is just one fanpage on Facebook for this person.

Fanpage Dollars – Prequel (Imran Naseem)

Takanori Gomi

And here is a search term about a brand new UFC fighter who won on his debut at the age of 31.

We can see that there is just one fanpage on Facebook about this guy.

Using these techniques we can see what is currently “hot” right now in the news and what is being talked about.

Research like this also allows us to create a fanpage before anyone else and start generating traffic before anyone else does.

Eventually you will find that once you create your fanpage it will go “viral”.

Also notice the title of the Fanpage. They are all written in a “funny” slang term. For example, here is a Fanpage with over hundred thousand members and notice the title.

Fanpage Dollars – Prequel (Imran Naseem)

As you can see this Fanpage has gone viral and the Fanpage has a quirky and “catchy” title that goes along with it.

Did you know that there are businesses and normal people who are solely making an income just from Fanpages? There are lots of Fanpages that promote their product on Fanpages and customers are able to buy the product.

Here is a woman’s fanpage who has her own Facebook fanpage and communicates with people in regards to her makeup product. The fanpage allows her to use the powerful viral traffic of Facebook to direct people to her website.

Fanpage Dollars – Prequel (Imran Naseem)

The screenshot shows the Facebook interface for the 'Samina Pure Mineral Makeup' fanpage. The page header includes the Facebook logo, a search bar, and navigation links for Home, Profile, and Account. The fanpage name 'Samina Pure Mineral Makeup' is prominently displayed with a 'Like' button. Below the header, there are tabs for Wall, Info, Photos, Discussions, Boxes, and Links. The main content area features several posts: a post from 'Naniek 'ku' Hayati' congratulating the fanpage, a post from 'Kriswanti Ariani' asking about distribution in Indonesia, and a post from 'Samina Pure Mineral Makeup' announcing a new Halal makeup range. A red box highlights a post from 'www.saminapuremakeup.co.uk' stating: 'THE 1ST COMPANY IN UK TO SELL HALAL CERTIFIED MAKEUP. Halal means permissible for Muslims. All our products are 100% free from animal & alcohol derived ingredients & animal cruelty. Also Chemical & preservative free.' The right sidebar contains advertisements for 'Build a Store', 'Struggling with debt?', and 'Like Football?'. The bottom of the page shows a list of people who like the page, including 'Khan'.

Here is a fanpage which uses the power of “buzz” marketing and “rumours” to get people to join.

This is a very clever way of getting lots of people to join your fanpage in a short space of time.

Fanpage Dollars – Prequel (Imran Naseem)

SHOCKING: RUDE HIDDEN MESSAGE in Toy Story 3!

Hardly ANYONE notices this SICK hidden message
when watching Toy Story 3!

Follow the **easy steps** below to see it! (only takes 10 seconds)

Step 1 - click on the **Like** button below:

and 687 others like this.

This is a controversial way to increase traffic to your fanpage and website. Basically it uses the power of a “rumour” so that people believe there is a “hidden message” behind this.

Here is another “viral” [fanpage](#) that people find hilarious.

Fanpage Dollars – Prequel (Imran Naseem)

The screenshot shows a Facebook fanpage interface. At the top is the Facebook navigation bar with the logo, search bar, and links for Home, Profile, and Account. The page title is "IF MR BEAN WAS IN HANNAH MONTANA HE WOULD LOOK LIKE THIS" with a "Like" button. Below the title are tabs for Wall, Info, Photos, Discussions, Reviews, and Notes. The main content area displays several posts, all with the same title. The first post is a video of Mr. Bean with a "Like" button and a "View all 101 comments" link. The second post is a text post asking for suggestions for a women's invention, with a "Like" button and a "View all 38 comments" link. The third post is a video of Mr. Bean with a "Like" button and a "View all 38 comments" link. The left sidebar contains a "LMFAO" post with a video link and a "55,144 people like this" section with three profile pictures. The right sidebar features three advertisements: "Slots! Slots! Slots!", "BiGDUG Shelving & Racking", and "Use Your Friends To Win".

So just to summarise – to get the best possible results from your fanpage make sure you do the following.

- Do proper research and look for hidden gems
- Use tools such as Google Trends and Insights to see what people are typing
- Make your Fanpage “funny” and humours
- Make sure you have a catchy title and use lots of images.

I am pleased to announce that Fanpage Dollars is coming soon and it will be the most detailed, **step-by-step product** on Fanpages. This product will blow you away as I will cover everything from creating your first fanpage to start making money.

Fanpage Dollars will also cover step-by-step on how to make thousands of dollars with your own Fanpage service and how to add lots of content on your fanpage that will get people coming every single day.

This course will be the missing link to Facebook Arbitrage.

You can join my official [Fanpage Dollars Fanpage](#) where you can ask questions and I will respond to you.

I will be in touch.

Make sure are a member of the Fanpage and are also on the notification list at <http://www.Fanpagedollars.com> (Please make sure your email address is properly entered otherwise you will miss out!)

My name is Imran Naseem and I hope to see you on the other side 😊
