# Fiverr Arbitrage – Imran Naseem (Cash Cow Report)

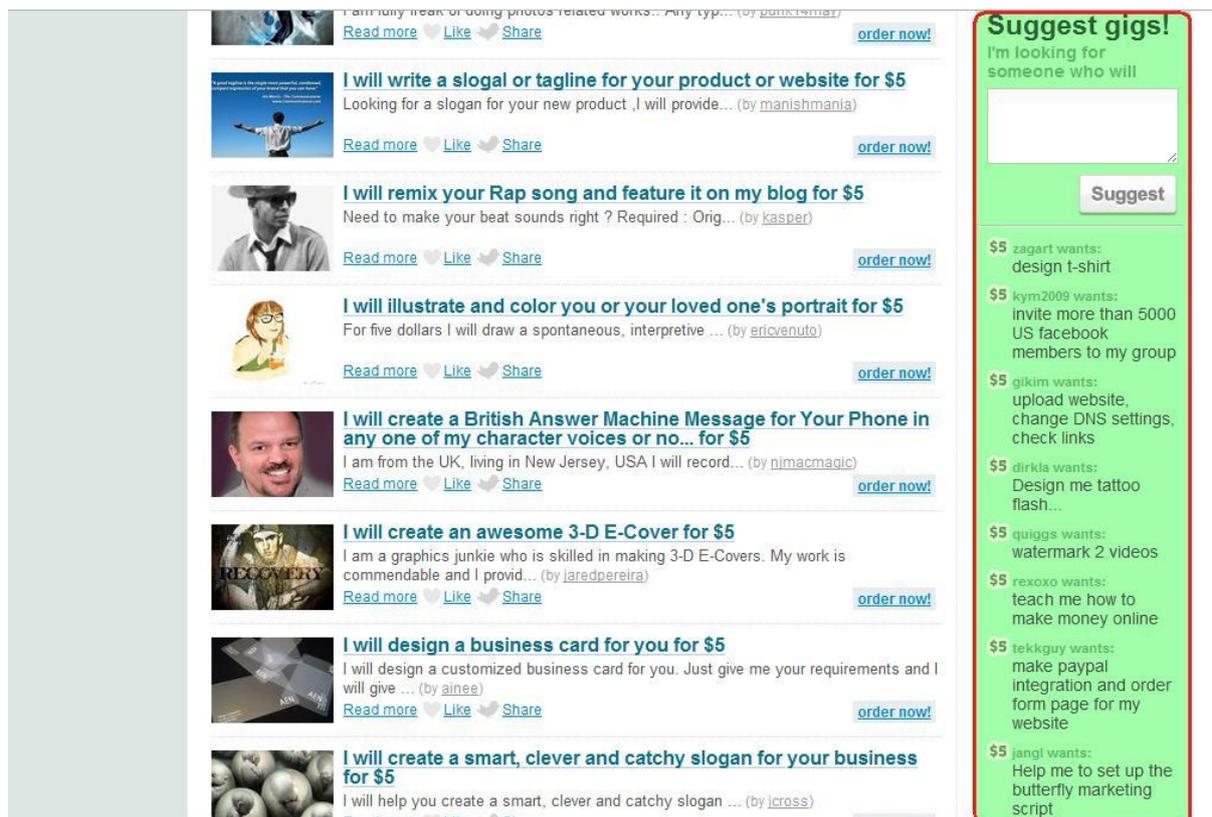

## Getting Started

The first thing you need to do is understand how [Fiverr](#) works and what people are offering in general. In the first part of this report I am going to talk about the process of offering “gigs” to your market and the type of gigs you can offer to make a decent amount of money.

The first thing to do is register and make an account on Fiverr.

Once you have registered and make an account you should now be ready to create your first gig on Fiver.

The first thing you should do is look at the “suggest gigs” feature on the right hand side of the website.

The screenshot displays a list of gigs on the Fiverr platform, each priced at \$5.00. The gigs include:

- I will write a slogan or tagline for your product or website for \$5
- I will remix your Rap song and feature it on my blog for \$5
- I will illustrate and color you or your loved one's portrait for \$5
- I will create a British Answer Machine Message for Your Phone in any one of my character voices or no... for \$5
- I will create an awesome 3-D E-Cover for \$5
- I will design a business card for you for \$5
- I will create a smart, clever and catchy slogan for your business for \$5

On the right side, there is a 'Suggest gigs!' sidebar with a text input field and a 'Suggest' button. Below the input field, a list of suggestions is shown:

- \$5 zagart wants: design t-shirt
- \$5 kym2009 wants: invite more than 5000 US facebook members to my group
- \$5 gikim wants: upload website, change DNS settings, check links
- \$5 dirkla wants: Design me tattoo flash...
- \$5 quiggs wants: watermark 2 videos
- \$5 rexoxo wants: teach me how to make money online
- \$5 tekkguy wants: make paypal integration and order form page for my website
- \$5 jangl wants: Help me to set up the butterfly marketing script

As you can see here this is where people are looking to pay \$5.00 for simple tasks.

## Fiverr Arbitrage – Imran Naseem (Cash Cow Report)

---

For example, if you have a Facebook fanpage that has more than 5000 members then someone will pay you \$5.00 if you invite people to his/her fanpage.

Someone is also willing to pay \$5.00 to update their DNS settings and upload their website.

Someone is also willing to pay \$5.00 if you “watermark” their videos.

Now these are simply easy tasks and \$5.00 can easily add up on a daily basis.

The possibilities are endless.

I am now going to cover some strategies on how you can make money offering your own gigs on Fiverr.

### **Offering your own Gigs**

There are lots of different ways you can profit from Fiverr.com by offering your own Gigs. One of the best ways to make money offering your own Gigs is to offer your own graphic design service – by offering to create an e-cover. The graphic section on Fiverr generates a lot of views.

#### **Offering your own E-cover service**

For this simple strategy you do not need to have any graphic experience. Instead you can simply offer to create a high quality 3D E-cover for almost anything.

The first thing to do is head over to <http://www.myecovermaker.com/>

This site allows you to create a high quality 3D Ecover with a few clicks of your button.

As you can see there are lots of free options available here. The first thing to do is click one of the options. So for example, I am going to click the first option because I want to create a high quality 3-D E-cover.

Next select the type of image you would like on your E-COVER. You can also upload your own background if you wish. However, for this example I am going to select one of the backgrounds that are already listed on here.

## Fiverr Arbitrage – Imran Naseem (Cash Cow Report)

Your Image

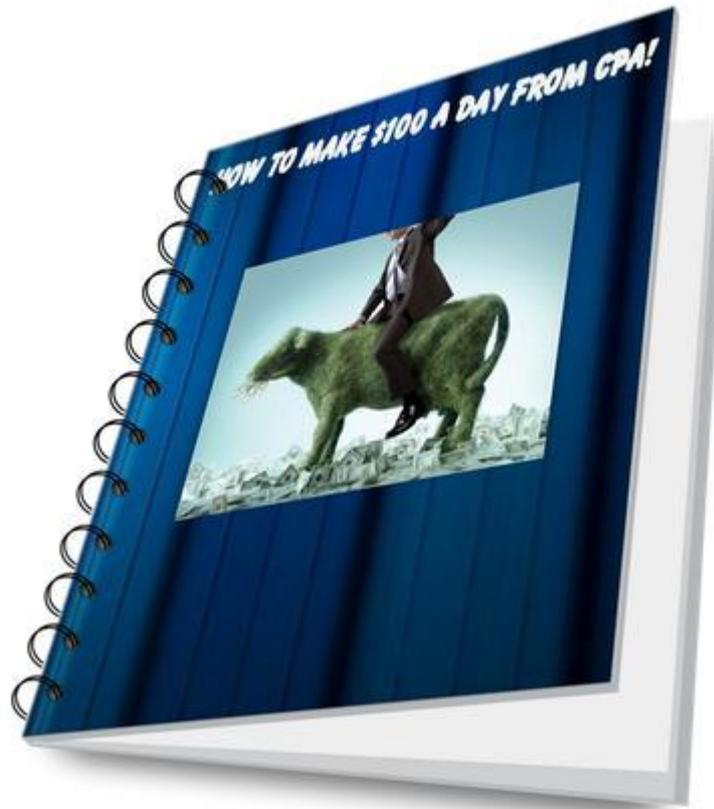

The next part of the screen allows you to edit your E-cover and add your own images and text. This part is pretty easy. Once you have added everything you want click the “Finalise” button.

Next you should then see a screen that looks like this (see below).

[DOWNLOAD](#)

Once you are happy with your E-cover simply click “Download” and then you will have a PNG file. Simply save the PNG file as JPEG and now you are ready to offer your own E-cover service on Fiverr.com.

## Fiverr Arbitrage – Imran Naseem (Cash Cow Report)

Creating your own Gig is easy. The first thing to do is enter what you would like to offer in the bar (see below).

The screenshot shows the Fiverr website interface. At the top, the Fiverr logo is visible. Below it, a search bar is highlighted with a red box, containing the text "I will create a high quality E-cover" for \$5. To the right of the search bar is a "Continue" button. Below the search bar, there are several featured gigs listed, each with a title, description, and "order now!" button. The gigs include:

- I will sing happy birthday in Chinese to the person of your choice on your behalf for \$5** (by punkqval15)
- I will send 10,000 visitors to any website for \$5** (by deploytraffic)
- I will sing, play and record a short jingle for \$5** (by brodafin)
- I will help setup Wordpress for you for \$5** (by mas73)
- I will take a picture of myself holding a sign saying whatever you want on it for \$5** (by rellybaby)

On the right side of the page, there is a sidebar with a search bar and a list of categories under "Recent":

- Gift Ideas
- Fun & Bizarre
- Graphics
- Video NEW
- Social Marketing
- Travel
- Writing
- Postcards
- Advertising
- Music & Audio
- Tips & Advice
- Business
- Technology
- Programming
- Other
- Silly Stuff

At the bottom of the sidebar, there is a "Follow me!" button with a blue bird icon.

The next thing to do is click "continue" until you see a screen that looks like this (see below).

## Fiverr Arbitrage – Imran Naseem (Cash Cow Report)

**I will:**  **for \$5**

max chars: 200 (used: 29)

**Category**

Choose a category that best matches your gig to ensure successful review by our moderators

**Description**  
Be as descriptive as possible.  
Provide samples, what is required, what you will and will not do  
Define the extents of this gig - how many units, revisions, samples are included

max chars: 450 (used: 179)

**Keywords/Tags**  
Enter keywords that best describe your gig.  
Example: "stickers, social marketing, promotion"

**Maximum Days To Complete**  The longest time it will take you to complete your work  
Consider: time to accept the order, timezone differences, the free time you have for this work and correspondence with your buyers  
Late deliveries are the #1 reason for order cancellations

At this stage you simply need to fill in information about your gig. Make sure you be descriptive as possible and also include an image – this could be an example of the e-covers you have created.

As for keywords make sure you take full advantage of this as people are going to be typing in keywords such as “E-cover, book e-cover” etc.

## Fiverr Arbitrage – Imran Naseem (Cash Cow Report)

It is also important to state the number of days it will take you to complete the task.

Once you have filled out everything click “save”.

Your Gig will then go live and you are now ready to accept orders.

There are lots of people offering different types of graphic services on Fiverr. Again, you will need to stand out so make sure you use an eye catching picture so people click on your Gig.

This system above takes just 5minutes. You do not even need to have any graphics experience at all.

In the next section I am going to talk about other profitable gigs you can offer and how profitable they can be.

# Fiverr Arbitrage – Imran Naseem (Cash Cow Report)

## Creating Social Media Profile – Twitter/Facebook

Another Gig you can offer for \$5.00 is to create a social media profile for people. For example, take a look at [this](#) gig.

The screenshot shows a Fiverr gig listing for a user named 'jayfiverr'. The gig title is 'I will create a social media profile for your business on Twitter and Facebook for \$5'. The gig is categorized under 'Social Marketing' and is noted to 'Usually delivers within 3 days'. There is a '100% Positive' rating and a 'Contact Seller' button. The description states: 'I will create a profile on Facebook and Twitter for your business with your company name and logo. If you are interested in building a community and leveraging social media to work for you, creating value, and engaging with customers, hire me today and I will get you started. I'm also available for consulting gigs, simply contact me.' To the right of the text is a collage of various web and social media logos, including 'social media', 'social media marketing', 'twitter', 'facebook', 'business', 'facebook fan page', 'marketing', 'newsVine.com', 'ShortText.com', 'AllPeers', 'box Flock', 'pixoh', 'Blogg', 'StopViko', 'Dostiz', 'Zuok', 'News', 'Page flakes', 'PERFORMANCING', 'mezdev.org', 'Zillow.com', 'iTalk news', 'W3counter', 'ZiXXo', 'RapLeaf', 'PIXPO', 'reddit', 'ZoomClouds', 'THE HYPE MACHINE', 'allTunes', 'GUBE', 'realtravel', 'craving', 'Trendio', 'Google', and 'fluxiom'. Below the description are social sharing options for Facebook, Twitter, and Email, along with a 'SHARE' button. At the bottom, there is a 'Buyers Feedback' section showing a thumbs-up icon and the text 'open365 Great work!'.

As you can see this guy already has positive feedback for this service.

It takes just 5 minutes to create a Twitter account and upload a company logo and the same applies to Facebook.

## Fiverr Arbitrage – Imran Naseem (Cash Cow Report)

---

Another gig in regards to social media you might want to offer is to create a fanpage for people. Some people are still clueless on how to create a fanpage. You might want to offer to create a fanpage and then include an opt in page using the FBML application feature.

You might also want to offer a gig where you create a Youtube channel for anyone. Believe it or not there are people out there who are complete newbies when it comes to social media.

Again make sure you use the “suggest gigs” feature on the right hand side of Fiverr to see what people are looking for.

### **Offer Advertising Space**

Do you have a website/blog that generates a lot of traffic? You can make money by offering Adspace for \$5.00. For example, you can create a Gig whereby you agree to put people’s banner/website URL on the homepage of your website.

Take a look at all these Gigs that are offering Adspace on their website.

Make sure your blog/website has special blocks that offer Adspace for people. For example, take a look at the example of my blog.

### **Build a List offering your Gigs**

Each time someone purchases your gig make sure you are going to be contacting them again and again. You might want to get them to opt in for your future gigs that you offer. This is important and it will make them coming back to you in the future.

Each time someone purchases your Gig make sure they leave you feedback. If they are not happy with your service then you should refund them to avoid negative feedback.

Now offering your own gigs can make you money in the **long-term** but there is also another way to make money from Fiverr and that is by simply **recruiting people** to do simple tasks for you that benefit your websites and skyrockets your earnings online or offline.

In the next section I am going to talk about the different strategies you can use by using Fiverr to increase traffic and your earnings of your websites.

I personally use several of these strategies and thanks to Fiverr it has added another dimension in the way I do my business online.

### Hire a virtual assistant for just \$5.00!

If you run an online business that involves a lot of email answering to do then you can hire a virtual assistant to take care of your emails or anything else.

I had her do a lot of phone calls and she did them quickly and told me what I needed to know when the calls were finished.

 **tcharron**  
She cold called a bunch of businesses for me a few seemed interested. She did the calls quickly.

Here is another virtual assistant that is getting a lot of good feedback.

Now some virtual assistants can also do a lot of cold calling for you.

If you do offline consulting then I am sure you hate the idea of cold calling businesses on a day to day basis. Instead why not hire a virtual assistant to make the calls for you?

What I usually do is interview them on Skype and ask them to read out from a script. I also give them clear instructions on what to say and if the client is interested then I ask him/her to take down their details and pass them on to

## Fiverr Arbitrage – Imran Naseem (Cash Cow Report)

---

me. This effectively becomes a “hot lead” because the client has not only shown an interest but when it comes to closing the deal it will be much easier.

Imagine the time and effort you can save of having the trouble to cold call businesses on a daily basis. By hiring a virtual assistant you can continue with the day to day task of handling other parts of your business.

This is why many call centre managers are constantly hiring sales people to do cold calling because they simply do not have the time to make calls themselves.

All it requires is a little bit of training and since most people on Fiverr have some “experience” in cold calling then it makes things much easier.

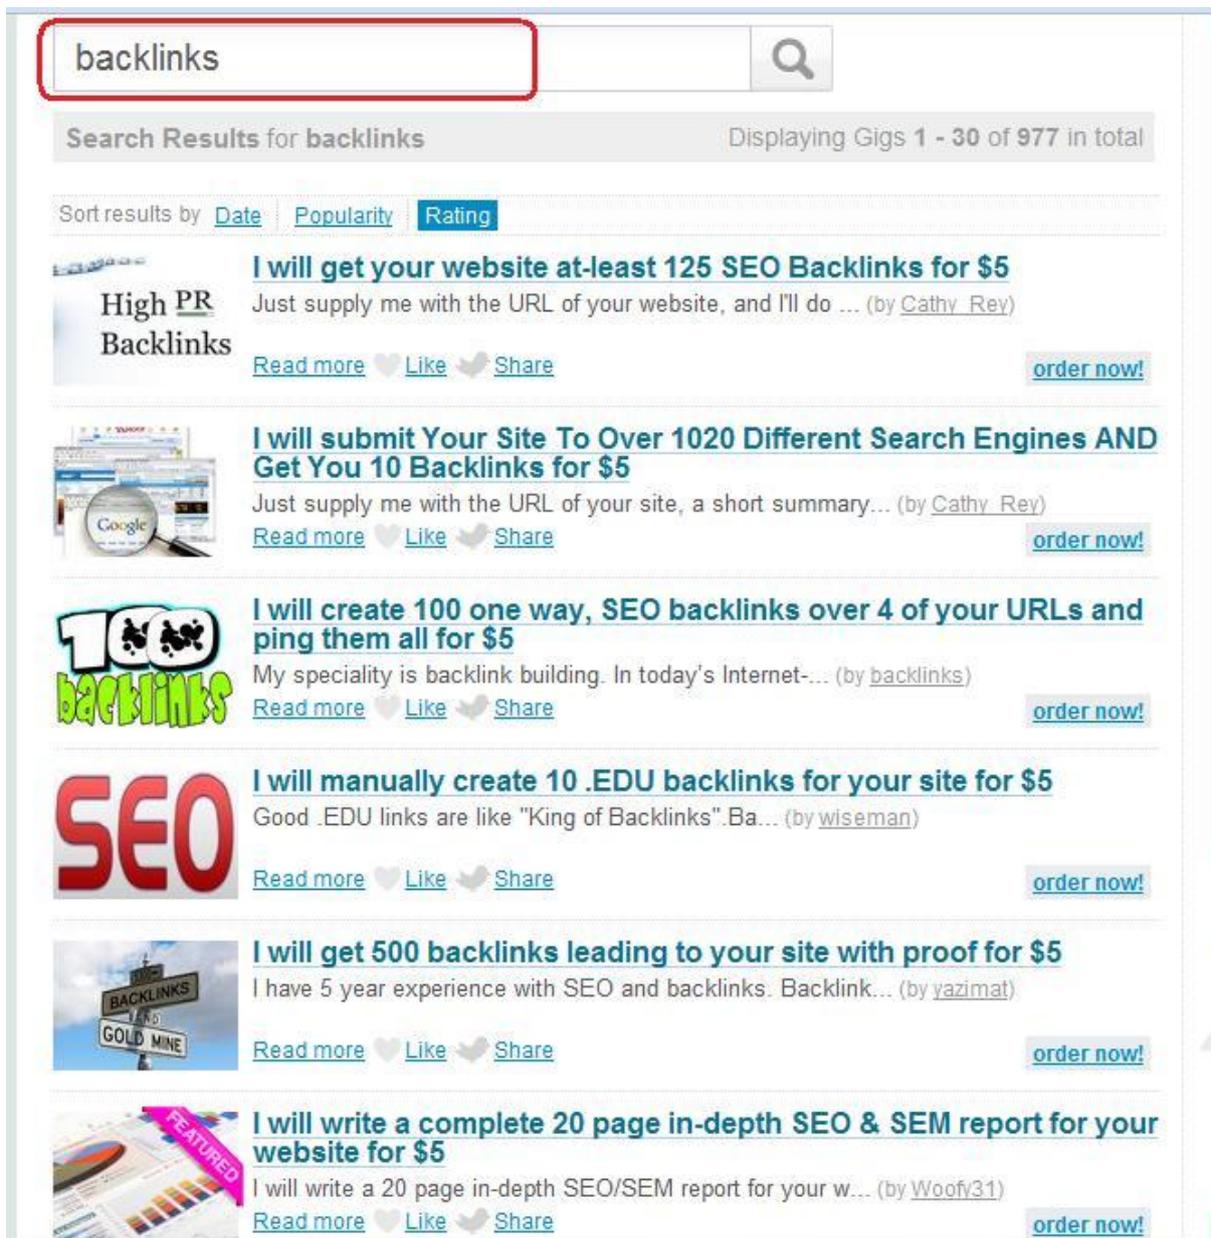

**Offline Leads = Goldmine = \$\$\$\$\$\$\$\$\$\$\$\$\$\$\$**

Remember by paying someone just \$5.00 for a couple of hours you can easily close a thousand dollar deal.

### No more worries about getting Traffic to your sites...

A site like Fiverr also can help you generate good quality, targeted traffic to your websites. One of my favourite services has always been backlinks.

There are tons of services on Fiverr that offer a back linking campaign. Here are some of the gigs that are being offered in regards to backlinks (just type in the keyword backlinks and arrange them in order of popularity or rating).

The screenshot shows the Fiverr search results for the keyword "backlinks". The search bar at the top contains the word "backlinks" and a magnifying glass icon. Below the search bar, it says "Search Results for backlinks" and "Displaying Gigs 1 - 30 of 977 in total". There are three sorting options: "Date", "Popularity", and "Rating", with "Rating" selected. The results list several gigs, each with a thumbnail image, a title, a description, and a price. Each gig also has "Read more", "Like", and "Share" buttons, and an "order now!" button.

### Skyrocket your CPA/Clickbank Earnings with Viral Advertising!

The beauty of a site like Fiverr is that it allows you to experiment with different areas. One of the best ways to increase your CPA earnings is to purchase gigs where people are offering to blast their Fanpage/Facebook profile status to hundreds and hundreds of friends.

Here is an example of someone who is willing to post a status update to 10,000 people on Facebook with your website URL.

The screenshot shows a Fiverr gig listing for a user named 'forgotaboutjay'. The gig title is 'I will post your status update to my 10,000 Fans and growing facebook fanpages for \$5'. The category is 'Social Marketing' and the expected delivery is '~1 days'. There is an 'Order Now' button and a 'Contact Seller' link. The gig description states: 'It has been proven that facebook is the #1 marketing technique for developers/advertisers who are monetizing it with huge success. I will post any status update across 3 fan pages which continue to grow daily for only five bucks.' Below the description are social sharing options for Facebook, Twitter, and Email, and a 'SHARE' button. To the right of the text is a vertical banner with the word 'facebook' in large white letters on a blue background. Above the banner are several black boxes containing white text: 'social marketing facebook status update updates cheap fans pages page feedback'.

Now for a GIG like this you can message the user and ask him/her to post a CPA offer (an International CPA offer) – make sure it is a simple zip/email submit offer.

Here is another example of a GIG that is offering to do a status update on his/her fanpage.

This GIG has a fanpage with over 82,000 people. This person is willing to post your URL 3 times on the page.

Imagine the traffic you will get to your CPA offer?

A good CPA offer for this would be to use simple FREE Iphone 4 offers that give people a chance to win an Iphone 4. Here is an example of an offer below.

If you have any Clickbank offers you wish to promote e.g. Tattoo offers then you can also use a Clickbank affiliate link so people can advertise it on Fanpages.

So for example, the person with the 82k fanpage has a MAFIA WARS fanpage. The reason I know this is because I contacted her first 😊

So what kind of offer can we promote?

If I head over to [www.findaffiliateoffers.com](http://www.findaffiliateoffers.com) and type in the keyword “Mafia wars” I can see that there are several “mafia wars” related offers.

I recommend you buy a cheap .info domain name and then link it to your Clickbank affiliate link and get the owner of the GIG to blast your domain name to the fanpage.

### Get Cheap PR for your Websites

The beauty of a website like Fiverr is that there are people out there who are willing to do almost anything for \$5.00. One of my favourite methods of getting free PR for my websites or my services is to use Gigs offered by people whereby they broadcast your message using different ways.

For example, here is an example of a Gig where someone is offering to run down New York with your company logo or banner on his T-shirt...yes for just \$5.00!

**nycmarathon: I will run for an hour in NYC's Central Park or Midtown with your company's logo or banner on my shirt! for \$5**

Avid runner willing to run through NYC's Central Park or Midtown for an hour wearing your company's name, logo, or banner on my shirt. I would also be willing to run with your company's banner or flag behind me (like a cape) in cooler months. I can also walk through Central Park handing out information, giveaways to passersby to promote your company or business. Will provide proof of run with photos, etc.

Now imagine if you launched a brand new service then you might want to spread the word fast by taking advantage of services like these.

I will stand outside a store of your choice that is high traffic in my area. I will hand out flyers or coupons or anything that you want me to. I will do this for a disclosed amount of time or until all the flyers you want me to hand out are all gone. Depending on the the amount of flyers or time you want me to be there depends on the price.

Here is an example of someone offering a GIG where they will hand out flyers to people. If you want to do some offline CPA then this would be a perfect Gig to purchase depending on the location.

## Fiverr Arbitrage – Imran Naseem (Cash Cow Report)

The screenshot shows a Fiverr gig listing for a user named 'fishmiss'. The gig title is 'I will drive around town with your appropriate advertisement on my car for \$5'. The category is 'Advertising' and the expected delivery is '~1 days'. There is a 'Not rated yet' status and a 'Like' button. A red box highlights the title and category. To the right, there is an 'Order Now' button and a 'Contact Seller' link. The description states: 'Since I am a courier and drive 60 miles a day around metro Atlanta, I can advertise your business for \$5 a day. You will have to provide a magnetic sign that I can stick on my car and then just sit back and relax while I drive around metro Atlanta and advertise your business => I will first review the contents of your advertisement before making a deal.' Below the description are social sharing options for Facebook, Twitter, and Email, along with a 'SHARE' button. To the right of the text is a placeholder image with a large red arrow pointing downwards. The placeholder text includes 'signs advertisement atlanta ga car drive'.

Here is a gig that involves the person driving around in his car with a magnetic sign that promotes your logo or website URL.

Fiverr is a goldmine and you should use it as leverage for your online business.

I hope you enjoyed this report.
